FROM THE CWHP BLOG

## Bad Work Environments Increase Healthcare Costs

This article provides guidance on what employers can do to turn the tide.

See the [Full Article](#)

Article by Dr. Kimberly Jinnett

Check out this [Employee Benefits News article](#) on the importance of a healthy work environment -- psychosocially and physically -- to improve employee health at work and reduce health care costs. Stress is linked to a number of chronic health conditions and impacts employee work performance.

## ENGAGEMENT

## Workforce Health and Performance — Bright Ideas Survey

Take the survey here: <https://www.surveymonkey.com/r/TWLW87T>

The Center for Workforce Health and Performance wants your Bright Ideas. We will feature these ideas, select guest bloggers, delve deeply on topics and inform research and practice by spreading these Bright Ideas.

For our first Bright Ideas survey we would like to know your thoughts on the best ways to support workforce health and performance.

Our challenge — can you do it in 20 words or less?

---

**The Center for Workforce Health and Performance (CWHP)** is a clearinghouse for information that may be used to support evidence-based policies and practices for a healthier, happier and high-performing workforce, a healthier economy and, in turn, healthier and more productive communities. CWHP develops knowledge around workforce health and performance improvement and disseminates it widely through scientific and educational forums.
